

Colts have to stick together!

Bill Crothers Secondary School is hosting the Centennial College Colts Basketball teams (Men & Women's) home games this season.

Centennial Colts Start the Season on the Right Foot!

On Wednesday October 14, the Centennial College Colts took the court floor and you could feel the excitement. It's been nearly 18 years since Centennial last had a Women's Varsity team participating in OCAA Women's Basketball. The Colts' first challengers were the Fleming Knights.

The Colts had a great second half, outscoring the Knights and coming from behind in the last few minutes to solidify a victory with the final score being 49-48.

The Colts next game will be against the Loyalist Lancers on Wednesday October 21, 2009.
